

NEWQUAY CC NETS POLICY 2015

It is the policy of Newquay Cricket Club that all official club-run 'net sessions' are supervised by a minimum level-2 qualified coach.

The nets should not be used unless supervised by a qualified adult and are only to be used by Newquay Club members and supervised children at school training sessions.

Individual kit bags must be placed to the side of the nets where players are unlikely to be at risk of being hit by a cricket ball.

Full protective kit must be worn by all participants.

Over 19s who do not adhere to this rule do so at their own risk and Newquay CC will not be liable.

No participant should be put under any undue stress or pressure whilst participating in these sessions. Participants will be advised of all aspects of 'net safety' by the coach prior to the session commencing.

NET SAFETY

All cricketers waiting to bat or bowl are strongly advised to remain a suitably safe distance away from the striking batsman, and bowlers are to remain vigilant by facing the batter at all times, taking care not to cross into another lane to retrieve a ball.

When 'padding-up' each player must ensure it is done so at the side of the net and not in the batter's line of sight.

The number of persons bowling at any one time should never exceed the ECB's recommended maximum of 6 per net.

The ECB fast bowling regulations regarding junior bowlers are to be adhered-to within practice situations. Any issues of concern should be brought to the attention of the Cricket Club Chairman immediately.

All rubbish/litter is to be placed in the bin and the area left in good order after each session – no exceptions!

Policy reviewed and approved by the committee at the meeting dated 5 February 2015.
