

NEWQUAY CC SELECTION POLICY 2017.

The selection committee (Chairman of Selectors, 4 team-captains or vice-captains and ex-officio committee members) will take into account the following criteria when it comes to selecting teams:

1. Fully subscribed member of Newquay CC
2. Ability
3. Current Form
4. Playing and Commitment record
5. Attendance at training and fitness

Guidance Notes:

1. Players are expected to play for whichever team they are selected based on the criteria above.
2. Players dropped should be informed by the Captain and reasons for the decision explained.
3. Players serving club or league disciplinary bans will be excluded.
4. At the committee's discretion, playing members in arrears with match fees will be excluded until the arrears are cleared.
5. Playing members in arrears with their annual subscription shall be charged an extra 10% of the published and appropriate standard subscription rate per game until such time as the balance has been cleared. This will start on the first game of the season if subs have not been paid before the season starts.
6. All players must have been registered on the ECB online play-cricket system before they can be selected. If there is any doubt, refer back to the play-cricket/website manager.
7. We may use loan players, if we have access to fringe players in other clubs, as long as they have not already played in the current season for another club. Loan players will pay match fees at the appropriate rate and may not be selected for a team at weekly selection.
8. Non-member 'one-off' guest players, who replace an originally-selected playing member at the last moment in the lowest tier match, may be registered 'on the day' on play-cricket and shall pay match fees at the captain's discretion.
9. Captains (or delegated team representatives) should ensure, wherever possible, that players selected for the games in question have declared themselves fit and available prior to the selection meeting.
10. In the event of there being more than 44 players declared available at selection for the 4 teams, those who are fully-subscribed should be given priority.
11. There is no longer a 3-game 'period of grace'
12. The general committee will make every effort each week to provide the selection committee with up-to-date figures on who owes what and the captains, when informing players of their selection, may then also include how much each player should bring to pay their match fees.
13. The selection committee has discretion to ensure 4 full teams represent Newquay CC in the Cornwall County League to fulfil our commitments.

Spring Meeting 16 March 2014

Ratified Committee February 2015
